Jazzy is a wonderful photographer who really captured an essence of our grown family. Our shoot was the perfect 60th birthday present from our children. Jazzy was a pleasure to work with and the way her photographs are presented is of the highest professional standard. I have no hesitation in recommending Jazzy Photography. Jazzy's photographs will bring us joy for years to come and provide a lovely legacy for when we are gone.

Thank you.

Mary Van Den Berk

Why Choose Jazzy?

Jazzy Photography is a small, family run photographic studio in Pennant Hills. We aim to provide outstanding quality of service, product and experience from first booking, to collecting your prints and beyond. Owner and photographer, Jasmin is not only a highly experienced and creative photographer, but she is also accredited with the Australian Institute of Professional Photography (AIPP) and the Academy of Newborn Photography (ANP). Living in a photographic warehouse studio her whole childhood, along with her creative family, Jasmin developed a passion for photography and providing a personal and customised experience for each client. 16 years later with two young children of her own, Jasmin really understands the value of providing beautiful photography for families, an easy work flow, and sessions that are fun for children and their parents too!

Maternity & Newborn

\$200 Studio Maternity or Newborn Session
\$250 Lifestyle Newborn or Maternity Session
\$280 Bump and Baby Package Sessions
\$290 Bump, Baby and Beyond Sessions*

The months before and after having your baby are so fleeting, so to be asked to capture them is a true honour and privilege.

Not only do we have an incredibly natural and classic approach to our imagery but we care a great deal about the health and safety of you and your child.

Jasmin is an accredited newborn photographer with the ANP, is first aid trained and is immunised. You and your child come first and a natural and flexible approach is taken when it comes to your session, depending on the needs of you and your baby.

Maternity photography is designed to capture the organic beauty and shape of your body and at same time to make you feel empowered and beautiful.

Newborn sessions are simple, timeless and classic.

* Price is subject to change and covers the session only.

More information on website.

Family & Portrait

\$150 Studio Session
\$200 Location Session*

The relationships you have as husband and wife, brother and sister, grandparent and grandchild, are so very special, and Jazzy knows just how to capture this unique and everlasting bond.

For Jazzy, family portraits mean playing, dancing, story-telling, joke-making, and often just all-round silliness, coupled of course with moments of complete love and the utter joy you feel with being a family.

Family portraits can be at your home, at a location of your choice or in the studio. We plan for a balance of posed portraits and natural, candid imagery, all of which is designed along side you in your consultation.

Jasmin has a degree in primary education and has two young children of her own. Her understanding, empathy and experience with children means that flexibility, patience, engagement and fun are a high priority. This goes for shy mums and dads too!

Products

Why Print?

Although we think that digital files are safer and allow us more flexibility, technology is changing so fast that even these files may not be accessible in years to come. With CDs obsolete and companies making devices that no longer take USBs, once again, we realise that the true and most 'archival' way of keeping our images is in print.

All of our products are created with archival papers and inks and are prepared for printing ensuring the best quality of your image is the outcome.

Prints and Canvases

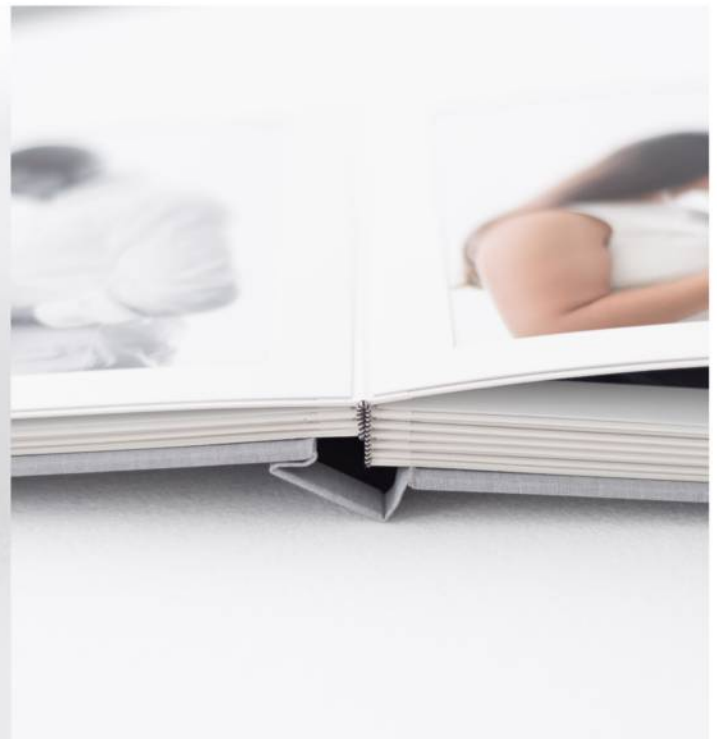

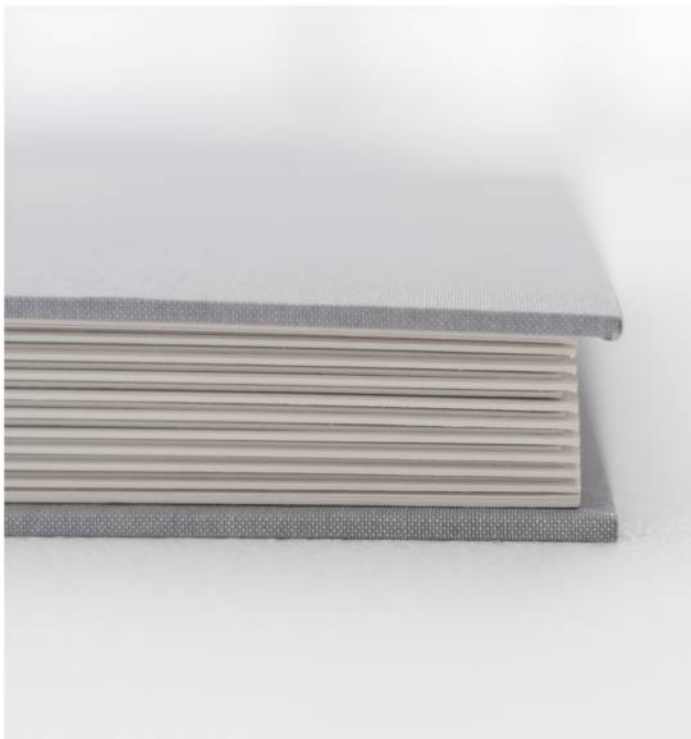

Matted prints are a perfect gift for family members and are available in 10, 15 and 20 print boxes with customised embossing. Canvases come with a 75 year unconditional guarantee and can be created separately, and as part of a wall art collection. Box frames in white, timber and black are also offered to give a completely different feel to your canvas and wall display.rylic blocks and wall art are simply stunning and we can customise any look for your home.

Albums

\$890-\$2600 (20 pages)

- Press
- Espresso
- Artisan
- Matted

Every Album is designed by Jazzy, hand made by Australian companies, printed using archival inks and papers and are built to be passed down from generation to generation. All albums can be customised with a variety of covers, embossing and number of pages. Parent albums can be created to suit each album type and packages are available.

T I M E L I N E

B O O K I N G

For maternity and newborn photography, it is best to book your session as soon as you have had your 12 week scan. We only photograph 6-9 newborn sessions a month so sessions are limited. Maternity photography is planned for when you are 32-36 weeks pregnant. Family photography can be booked any time. Look out for some specials on our Facebook and Instagram pages. Call today to secure your booking!

C O N S U L T A T I O N

Before your session we will have a consultation. This is best done face to face and we can also chat over the phone or via video call. During this time together, we get to know you a little and find out some more information about the kind of look that you would like for your photography. This is when we will also plan what to bring to your session and what colours might be best to suit your home.

S E S S I O N

This is the fun part. If you are a mum to be, this is your moment to shine! Break out those powerful poses and be the mumma you are meant to be! For newborn sessions, this is your time to relax! After just having had your baby, put your feet up and watch the session from the lounge. For family photography, these sessions are usually high energy and fun! Expect to laugh and also expect to have a moment of tranquility too...hopefully!

V I E W I N G & P U R C H A S I N G

After your session, we will book in your viewing and purchasing appointment. You will come back to the studio where you will be presented with a slideshow of your session, a suggested album layout and some wall art ideas. You are free to purchase as little or as much as you like and all products can be customised for you. This time together is meant to be productive so it's recommended that all decision makers are present and children are occupied. The aim is for you to walk away having nothing to do but to be excited about the beautiful imagery filling the walls of your home soon.

F I N A L D E L I V E R Y

Your products will take around 3-4 weeks to be printed. Once they arrive at the studio, we will give you a call for you to collect them. This will complete your experience with Jazzy...until next time!

More information on products and prices are on our website. Please contact us for a full product guide.
